# HOW ARE YOU GOING TO USE YOUR IMAGES

At Angie Louise Photography, I capture the moments that matter most, the real connections, the tiny details and the love that makes your family yours. Every session is thoughtfully designed with you in mind, creating imagery that feels natural and timeless.

From the very beginning, we focus on more than just taken photos. We think about how your images will live in your home, on your walls, in albums and as part of your everyday life. Together, we'll consider your space, your style and the people you'd love to share these memories with.

By planning with intention, your session becomes a meaningful experience, resulting in beautiful, professionally printed artwork you'll enjoy for years to come. These photographs aren't just images - they're lasting reminders of this chapter of your life, preserved to be treasured now and always.

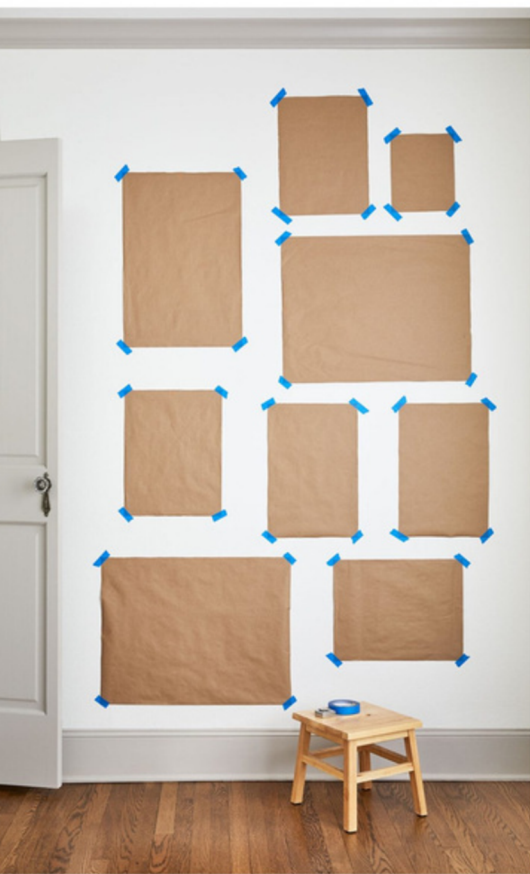

**Payment Process:** Your session fee of £149 is due at the time of booking, securing your spot for 2 weeks before and 2 weeks after your due date. Your Package Payment is due at your viewing appointment, typically 2 weeks after your newborn session.

**Please Note:** As our products are bespoke and commissioned by you, and cannot be resold, all sales are final with no refunds

# PLOT YOUR PLAN

This technique for planning your walls before any photos are taken helps you plan stunning layouts that will be enhanced by the final images. I encourage all my clients to bring with them a photo of the room with their layouts on the wall (like the photo below) as this instantly gives me an understanding of their goals.

## A laptop is open on a bed with brown and white pillows. The laptop screen displays a website for 'ANGIE LOUISE PHOTOGRAPHY'. The website has a clean, minimalist design with a white background. At the top, it says 'New Booking for Feb-March 2018'. Below that is the name 'ANGIE LOUISE PHOTOGRAPHY' in a bold, sans-serif font. Underneath the name are several small, illegible text elements. The main visual is a photograph of a newborn baby lying down, wearing a white onesie. Below the photo is the word 'WELCOME' in a bold, sans-serif font. Underneath 'WELCOME' is a paragraph of text, which is also illegible. The laptop is a dark color, and the bed has a brown and white patterned blanket. The overall scene is cozy and domestic.
